Mr. J. M. Harris, Mgr.,
Recco Mining Co.,
SANDON, B. C.

Dear Sir:-

Through the courtesy of a friend we have been advised of your contemplating the erection of a Tramway for your Mine in the spring.

We have therefore the pleasure of mailing you to-day descriptive circulars of the Celebrated Hallidie Tramway, also our Wire Rope price-list, and such information as we have thought might be of interest to you.

We are handling the Tramway business in connection with the California Wire Works, whose factory we purchased in this City in '95. As we are the only Wire Rope manufacturing industry on the Pacific Coast we should be very much pleased to have your business. We guarantee the quality of our Rope to be equal, or superior, to any other manufactured in this Country or abroad. We are supplying practically all of the Street Railway Cables here on the Pacific Coast, having exclusive contracts for a period of years with the Market St. Ry. Co., California St. Ry. Co. and other Street Railroad companies in this City. In addition to which we are shipping large quantities of Wire Rope to all the Mines of the West, in fact we recently sent two carloads of Flat Rope as far East as Iron Mountain, Michigan to the Chapin Mining Co. Consequently we feel that we are in position to give you any reasonable guarantee as to the excellence of our product.

Should you desire additional information on any technical point we shall be pleased to supply the same either direct or through our friends, the California Wire Works, also will arrange to have our representative call and see you in the spring, if desired.

Hoping for your favorable consideration of our suggestion, and wishing you the compliments of the season,
We remain,

Yours very truly,

Frank L. Brown

Dear Sirs;--Acknowledging your favor of the 30th ult. beg to advise that we have taken this matter up with Mr. A. S. Hallidie who will write you in detail regarding the tramway, and we shall hope you will find it to your advantage to place your order with him for your tramway.

He has several tramways operating in the Kootenay District which you will find by investigation are operating very successfully.

In 1895 we bought the wire rope plant of the California Wire Works and are now operating the same. Mr. Hallidie continues the manufacture of his ropeway under his own patents and we are supplying him with the wire rope he uses; therefore are interested to have you make careful investigation of his tramway, believing that you will find them the most economical for you to use and trusting we may have the pleasure of supplying the rope for such tramway, we remain,

Dear Mr Harris

I have been out of town for a few days, just returned from Chilliwack. Your very kind favor was rec'd with the Reco certificate inclosed. Thanks, many many thanks! I will reciprocate. Was with Capt Wooly to day he sends a letter to the London (Eng) Times tomorrow I am giving him some data re Reco.

Have not been mindful of you right along. I had written you just before leaving here, asking some questions that I need not repeat now. Since then, just to day, I folded the top portion of your letter over and read what referred to the Reco to J. M. MacKinnon who is chief owner of the Golden Cache. He has just returned from London (Eng). He wishes

2

me to ask if you will consent
to sell a good sized block to
English parties. I think you could
sell him $\$5,000$ ^{worth} at the $\$1.25$.
I told him that it was not on
the market. As it is sure
to be a great dividend payer
he is anxious to send some
to England. He has $\$10,000.00$ in
the Bank here to invest in
just such a property as
the Reco. I expect soon to
forecast but no date is
fixed yet. Wait until I do, then
I think I can tell those Eastmen
that there are more mines
in Footway than the "Le Roi &
War Eagle". Anything new that you
get regarding the Stream, please
let him know & I can use
it to good advantage.

Yours Truly

Dear Sir

(2)

I received your letter of the
24th Nov. on Dec. 14th and as I left
England for Toronto on the 16th.
I was of course unable to do anything
with it. The paper you mentioned
as having been sent, did not
arrive.

Of course without proper
documentary evidence such as
I have already said would be
necessary no one at a distance
from B.C. would do anything
simply upon a newspaper

statement such as I gather from
your letter you were sending me.
Take it, therefore, that you are so
successful in disposing of your
shares that you do not care
to sell any in England —
I am returning to England, to
reside in London, on the 13th
of January, and as I am going
to be connected in business
with Sir Douglas Fox, a letter
to his address, which you have,
will always find me —
I have several friends who would

like to invest in silver properties, but
the information in regard to them
must be full, and properly
authenticated before anything
can be done in them in London.

Yours truly
