Sirs

We enclose sketch of check
for your approval and return,
with corrections if any.

Should not the word "Liability"
be used instead of "Liabilities".

Please say what number to
commence with. You need

to return only the sample
of paper you desire to

be used, the sketch and the
enclosed letter from the Lith Co

We would suggest that with this
sketch a light colored paper

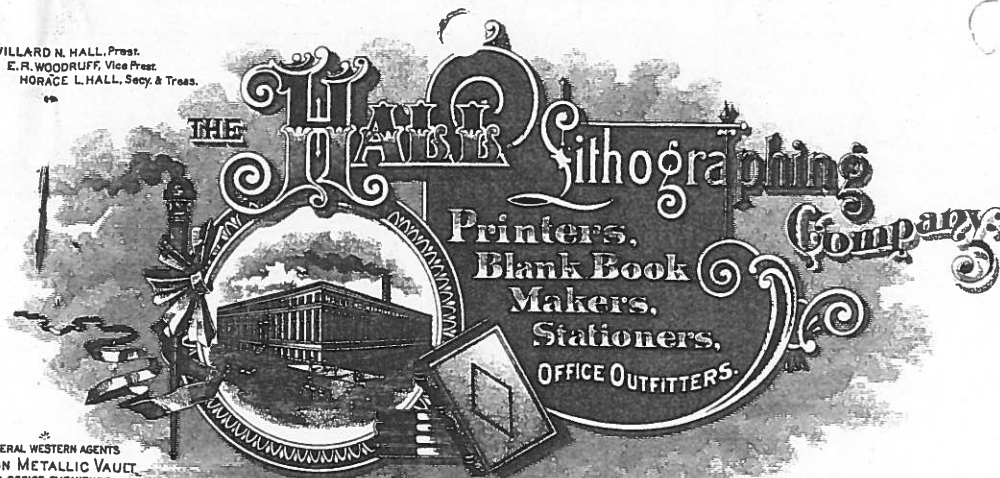

would look better than a dark
one. Is the word "The" before Reed in your

incorporated name?
Very truly
